PROFILE

I am a recent graduate with a strong foundation in creative technology. For my graduation project, I created an audio-reactive visual experience in Blender, demonstrating my ability to merge creativity with technology. My skills include 3D modelling, animation, interactive design with p5.js, and prototyping with Figma. I am now seeking a Creative Technologist role where I can apply my expertise in technology, design and innovative storytelling to create immersive digital experiences.

WORK EXPERIENCE

Coding Teacher / Camp Leader
Cypher Coders | September 2023 - Present
- Teach block-based and text-based coding to children aged 5-12
- Facilitate students' understanding of coding concepts
- Oversee activities and ensure the well-being of students during sessions

Customer Host
John Lewis & Partners - White Stuff | March 2022 - November 2022
- Managed stock deliveries and maintained an organised shop floor
- Demonstrated strong time-management and teamwork skills
- Provided customer service, greeting and assisting customers

Assistant Chef
Nourish Cafe | April 2021 - September 2021
- Prepared breakfast foods, hot meals, and baked goods independently.
- Developed cooking and problem-solving abilities in a fast-paced environment
- Maintained calm and efficiency during busy hours

Volunteer
Oxfam | 2019 - 2020
- Operated the till and assisted with steaming and pricing clothes
- Designed shop displays and layout to enhance customer experience
- Gained confidence in customer service and shop management

Event Leader
Dot to Dot | 2017 - 2018
- Led children's art and craft workshops and birthday parties
- Guided children through different activities and ensured a clean, organised environment

SOFT SKILLS

- **Adaptability and Communication:** Worked in diverse roles across teaching, service, and tech.
- **Creativity:** Developed prototypes, web design, animation, and game projects.
- **Team Collaboration:** Collaborated effectively in various team settings and environments.
- **Attention to Detail:** Ensured consistent functionality and design in web interfaces.
